Magnifica Evo

Automatic coffee makers

ECAM290.61.SB

Magnifica Evo embodies the De'Longhi experience with its advanced technology, authentic drinks and sleek modern design. Serve the perfect Italian Espresso and a range of other drinks, topped with creamy milk foam thanks to LatteCrema Hot Technology, with no milk waste using the MyLatte function. You can choose from 5 one-touch drinks through the simple user interface.

- Enjoy milk based drinks with zero waste thanks to the MyLatte function
- LatteCrema Hot tops your drinks with rich and creamy milk foam
- Smart control panel with colour touch icons, including 5 one-touch drinks
- Includes a one-touch automatic cleaning function and dishwasher safe milk carafe
- Sleek silver black coffee machine with attractive chrome finishings

Zero milk waste with the MyLatte function

Pour the amount of milk you want into the carafe and press the MyLatte button on the control panel. The machine detects the exact amount of milk and uses all of it, so no milk needs to be stored in the fridge.

The freshest coffee

The machine grinds your beans right before you use them to preserve the coffee aroma, and leaves minimal residual coffee in the unit to ensure your next cup is just as fresh

LatteCrema Hot Technology

Enjoy long-lasting creamy, rich milk foam at the right hot temperature for delicious in-cup results, with one-touch automatic cleaning for after each use.

Enjoy the Classics

Enjoy a selection of coffee and milk based drinks, including 5 one-touch options: MyLatte, Cappuccino, Espresso, Coffee and Hot Water.
